Indicated measurements may vary by +/- 3%, or +/- 5% for weight and speed measurements. (1) Maximum permitted load is calculated using ISO standards. Caution is advised when operating fully laden boats. (2) Recommended power is based on optimal use of the boat's abilities under average load. Depending on use, choose either maximum (waterskiing) or minimum power (fishing, cruising). (3) The manufacturer's plate specifies maximum permitted power. The power of your boat must not exceed this under any circumstances. (4) Maximum permitted weight: dry weight, according to motor manufacturers' catalogue specifications. (5) Models in this catalogue are sometimes shown with optional accessories. Please check standard equipment supplied with each model and see your Zodiac® Nautic distributor for any additional equipment.

Zodiac® Nautic continually strives to improve the quality of its products and as such reserves the right to modify or delete any model presented in this catalogue without prior notice. The boats photographed in this catalogue may differ from the actual models. Zodiac® Nautic recommends to wear a life jacket at all times; it is your own responsibility to check the legal obligations on your navigation zone.
